Summary of the professional journal "autohifi":

- ... **modern** and **extravagant design**.
- ... connectors and regulators are hidden by a cover.
- ... **nice assembly** and **convincing quality** of components.
- ... the **MOSCONI 100.4** disposes of a **slot for extra modules**.
- ... **harmonic sound** - **pleasant** and **smoothing** high tone range, clearly outlined middle tone and **tough defined bass**!

Conclusion:

Smart design, TOP-SOUND and very high performance united!
