

TEST WINNER

HX 12 SQ

Excerpts from **autohifi** test report:

The appearance of the AUDIO SYSTEM is absolutely beautiful. That it can even play tremendous load, surprised!

...very solid and sumptuously ventilated die-cast basket...

Stable terminals and sewed lead wires

... 12" compound membrane with paper and glass fibre...

all-round characteristic...very dynamic... and good structured in the low end...

...the AUDIO SYSTEM HX 12 achieved the best efficiency in the test field

autohifi test result:

- + high maximum sound pressure
- + extensive sound
- + beautiful appearance
